THE BANK FOR YOUR SAVINGS

The Troy Savings Bank—a bank of proved strength—is the ideal depository for your funds.

It has been the guardian of the people's savings for nearly a century and is a purely mutual institution conducted solely in the interests of depositors.

Thousands of men and women have accumulated substantial accounts by regularly depositing a fixed portion—sometimes a very small amount—of their earnings every week or month; what others have done you also can do.

Every Wasted Minute Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, the loss is yours.

In the course of a year the time wasted usually costs far more than the price of a new directory.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new directory at once. It will pay you bigger dividends for the money invested than many of your ventures.

Bricks Without Straw

In ancient times, we are told, the Israelites were forced to do their work without the proper materials. They did it—after a fashion—but at an enormous cost in time and labor. Labor was cheap in those days however, and their task masters had the power to insist upon the full quota being given in spite of limitations.

Now the labor market is high, yet, in many cases history repeats itself. We still often see business trying to get along without the proper tools or with antiquated equipment.

You *can* do business without the telephone; it is possible to get along without a typewriter; you may use a quill pen for your correspondence if you so desire; it is your privilege to be without insurance, or the latest directory. If you wish you may still use a mailing list that was old when grandfather was a boy.

If you have outgrown Ancient Methods however you will find up-to the-minute Mailing Lists and Directories of all Cities at our office.

TROY STREET DIRECTORY

COPYRIGHT, 1920, SAMPSON & MURDOCK CO., INC.

Giving the name of each street and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as for instance, wishing to know at what part of Second street No. 168 comes, look at Second street, and it is found that Liberty street crosses at 156, Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

Ciphers are substituted for numbers on streets not fully numbered.

BUYERS' GUIDE

CITY DIRECTORY

CONSULT IT BEFORE BUYING

ALL THE LEADING TROY HOUSES IN EVERY LINE

Looking at the list of all those who sell—the modern way of buying goods.

The man who buys without looking at the list of those who sell does himself a gross injustice.

Using the classified directory of the whole City is like going to the market place; it brings to view each and every individual in any and all lines of trade, and here the intelligent buyer may select the best of everything at the lowest price.

The habit of using the classified directory will save large sums of money and will always secure the best in any line. It is the modern, up-to-date method of getting what you want.

To the advertiser the City Directory is the most economical and effective method of saying what he has to say to the entire population.

BUYERS' GUIDE

CITY DIRECTORY

CONSULT IT BEFORE BUYING

ALL THE LEADING TROY HOUSES IN EVERY LINE

Looking at the list of all those who sell—the modern way of buying goods.

The man who buys without looking at the list of those who sell does himself a gross injustice.

Using the classified directory of the whole City is like going to the market place; it brings to view each and every individual in any and all lines of trade, and here the intelligent buyer may select the best of everything at the lowest price.

The habit of using the classified directory will save large sums of money and will always secure the best in any line. It is the modern, up-to-date method of getting what you want.

To the advertiser the City Directory is the most economical and effective method of saying what he has to say to the entire population.

BUYERS' GUIDE

CITY DIRECTORY

CONSULT IT BEFORE BUYING

ALL THE LEADING TROY HOUSES IN EVERY LINE

Looking at the list of all those who sell—the modern way of buying goods.

The man who buys without looking at the list of those who sell does himself a gross injustice.

Using the classified directory of the whole City is like going to the market place; it brings to view each and every individual in any and all lines of trade, and here the intelligent buyer may select the best of everything at the lowest price.

The habit of using the classified directory will save large sums of money and will always secure the best in any line. It is the modern, up-to-date method of getting what you want.

To the advertiser the City Directory is the most economical and effective method of saying what he has to say to the entire population.

BUYERS' GUIDE

CITY DIRECTORY

CONSULT IT BEFORE BUYING

ALL THE LEADING TROY HOUSES IN EVERY LINE

Looking at the list of all those who sell—the modern way of buying goods.

The man who buys without looking at the list of those who sell does himself a gross injustice.

Using the classified directory of the whole City is like going to the market place; it brings to view each and every individual in any and all lines of trade, and here the intelligent buyer may select the best of everything at the lowest price.

The habit of using the classified directory will save large sums of money and will always secure the best in any line. It is the modern, up-to-date method of getting what you want.

To the advertiser the City Directory is the most economical and effective method of saying what he has to say to the entire population.

CLASSIFIED BUSINESS DIRECTORY OF COHOES AND WATERFORD

COPYRIGHT, 1920, SAMPSON & MURDOCK CO., INC.
